

I understand that KLOVE is in danger of being forced off the air if certain proposed rules are enacted and LPFM is given priority over FM translator service. I, as well as thousands of other local residents, listen to KLOVE daily and find it a source of hope and encouragement. I get all my local and national news from this station as well because I appreciate their honest reporting. This is not just a radio station - it provides music, news and information that really changes lives. They have many community based resources to help people - from the homeless, to victims of domestic violence, to kids with learning problems. This station provides a very valuable resource that not only benefits the listeners but the community at large because they help so many people. Please do not adopt new rules that would put this and many other FM translator services in danger. This is a 100% listener supported station - we are putting our money where our mouth is - so to speak. We love this station - please don't take it away!!!!
